

# Adieu (Radio Edit)

Tchami

You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
But I need you now You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
But I need you now  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone  
You tell me to leave you alone
