Banging, banging like my body fall
Changing lanes when we hop up in my car
We gon' ride ride this trainWe gon' take it fast and slow and
We gon' shut it down and
Darling, darling, girl, we gon' be riding
Vibing, sliding harling, talking 'bout
Where they do that at, where they, where they do that at, girlI believe this could be something

So tell me where to meet up with you tonight
So I can break you off something proper like
Where they do that at, where they, where they do that at
