

# Bones

## Melanie Fiona

You make my heart hurt, you my love burn  
You make the cuts down, you make my world turn  
But words mean nothing, cause I'll abuse them oh, oh, oh  
And you touch here for some things when I need any fusion  
Oh, oh, oh Straight through your skin,  
Pass your soul to your bones closer, harder, deeper  
Further inside you, than you've ever known  
That's what they're trying to feel ya

Uh, uh, uh

I need your bones

Uh, uh, uh

Gimmie, gimmie, gimmie your bones!  
I wanna own you, I wanna consume you  
Get all ... and pass myself through you!  
Hey, baby cause nothing's enough, and I'm slowly dying  
Oh, oh, oh

So please, save me now, you gonna keep trying,  
Oh, you gonna keep trying Straight through your skin,  
Pass your soul to your bones closer, harder, deeper  
Further inside you, than you've ever known  
That's what they're trying to feel ya

Uh, uh, uh

I need your bones

Uh, uh, uh

Gimmie, gimmie, gimmie your bones! A passion never bring ...in your lungs, closer, people  
Cause I wanna get lost deep, mix the beat in you  
Yeah, traight through your skin,  
Pass your soul to your bones closer, harder, deeper  
Further inside you, than you've ever known  
That's what they're trying to feel ya

Uh, uh, uh

I need your bones

Uh, uh, uh

Gimmie, gimmie, gimmie your bones!
