

Right Wing of the Garden Triptych

Cradle of Filth

Death darkens all
Right wing of the garden triptych
Left marks The Fall
The middle ground apocalyptic Why stay the grim inevitable
And play out with a whipmer?
Fate is raising armies of our faith Now
The future cows
Before the vows
Prophets thunder from the heavens We seek to justify
Our seed spread far and wide
The eve that virtue died
Bore witness to this plague
Great Hellscape rape enflamed horizons Here... This the sore beginning
To the war to end all wars Gotterdammerung
Gotterdammerung, this hate brings fever
Gotterdammerung
Gotterdammerung, the great bereaver Throw wide splintered lichgates
To the eldritch show's return Unforgiving proof accurral begs this cruel rebirth
A living fuel for the blaze of renewal, razing the earth
Pariahs and Messiahs of the highest worth
Fodder for the denizens of risen, hissing Hell Nothing screams out mercy more than
Vivisection of the soul
Gotterdammerung
Gotterdammerung, all base deceivers
Gotterdammerung, Gotterdammerung, Coddle Abaddon
God, you got it wrong, now fall believers Liars and deniers, thick in the mire's grasp
Treacherous and lecherous
Retching a sick bloodbath Peace sits alone
Midst the desecration sewn
Like a stony queen of winter, throned This the penalty for lust
Long dreaded, read in scripture
Vain pleasures fed to paint this... Now
The future cows
Before the vows
Prophets thunder from the heavens We seek to justify
Our seed spread far and wide
The eve that virtue died
Bore witness to this plague Great Hellscape rape enflamed horizons Here... Gotterdammerung
Gotterdammerung A twilight for bone idols, sewer-suicidal from the heights
A dead man's stance to prayer, deafened ears to mortal plight
Pleas and effigies, clergy bang to rites
Belief is superficial when the missals dance alight Death darkens all

Right wing of the garden triptych
Left marks The Fall
The universe is, at worst, ecliptic
