

All I Wanna Do

Cheri Dennis

Yeah, oooh
I been in some situations
Where I could have done you wrong
But I made up in my mind
Want to keep what we have strong Got a man that puts up with me
And I hated it when I lie
About things that don't even matter
And I don't know the reason why
You're on my mind, (mmm) all the time (time)
up the things that we used to do
When you and me back when we
And I'm lost without your love
And all I want to do is share my love with you (share my love)
And all I want to do is prove my love to you (prove it, to you) So that we are still together
Know I took you through some pain
Even though I didn't notice
I want to make it up to you
Give me one more chance to show you
What I really want to do
Baby, baby
You know that I only want you
To bring back the sunshine into my life
I can't decide the things that you do to me
This is what I want to do
