

# Name Brand (feat. JME, Frisco & J2K)

## Wiley

I came to jam and hold a vibes  
Hold a vibes  
You know I go to the studio all the time  
All the time  
Soundin' ever so grimy, they're causin' fights  
Causin' fights  
Dance dun, now they're switchin' on all the lights  
I'm a name brand, I can't afford to hype I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man  
I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man  
"Wiley, where are you goin'?"  
I'm goin' to keep an old brand goin'  
Back then, everyting was steady  
Lately, it's gettin' a bit edgy  
Got a couple tings that I wanna try  
Wanna expand so I gotta try  
Have to make sure that my vibes hold sick  
When I sell a ticket, it's what they're gonna buy  
Branchin' out, new business  
Cop the Landlord album, Giggs'  
Fire, all-round fire  
Hold tight Giggs, the real vibe supplier  
London's changed a bit, but I can still hit the booth  
Start sprayin' and give the crowd fire  
We don't deflate, we stay pumped up  
And dem man are flat tyre  
I came to jam and hold a vibes  
Hold a vibes  
You know I go to the studio all the time  
All the time  
Soundin' ever so grimy, they're causin' fights  
Causin' fights  
Dance dun, now they're switchin' on all the lights  
I'm a name brand, I can't afford to hype I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man

I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man  
Next to my name, there's no losses  
X 'em out with all crosses  
That girl couldn't get used to me  
Because she ain't used to no bosses  
Ahah, all I got now is sausage  
I do not count the losses  
I just grab on the big back ting  
And turn onto new topics, new ting  
Come and ring-ring the bell, lights on  
Curtains open as well, enter  
Don't get gassed off no rich sex  
We're just gonna do this calmly as hell  
Is that cool? Well, that's swell  
Do you feel me? Well, that's braille  
I'm like a high street store to the gyal dem  
Who can't keep their hands off the name brand sales  
Oh well, well, well I came to jam and hold a vibes  
Hold a vibes  
You know I go to the studio all the time  
All the time  
Soundin' ever so grimy, they're causin' fights  
Causin' fights  
Dance dun, now they're switchin' on all the lights  
I'm a name brand, I can't afford to hype  
I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man  
I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man  
That's the gameplan  
The thug dem rate man  
The gyal dem rate man  
Frisco's a name brand  
And where I come from, the police all hate man  
Haters hate cuh they ain't man  
Think you can call me out 'cause I'm a name brand?  
Man wanna draw me out, what a shame  
Man claim that they're out here but I can't see 'em  
Anyhow, I think the piss has been taken  
I'ma start movin' like Liam, it's mad  
Spin an MC round like a kebab  
New bars in my notepad, nigga, hold that  
I'm a G by myself, you've gotta hold hands  
I've never been disloyal  
Like to buss joke, but I've never been a joke, man  
I came to jam and hold a vibes

Hold a vibes  
You know I go to the studio all the time  
All the time  
Soundin' ever so grimy, they're causin' fights  
Causin' fights  
Dance dun, now they're switchin' on all the lights  
I'm a name brand, I can't afford to hype I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man  
I'm a name brand, yeah that's right, G  
I'm a name brand, just like Nike  
I'm a name brand, man wanna fight me  
'Cause I'm a name brand, but you can't take man
