

# No Days Off

## Wale

Revolution might be televised  
But make sure if they do see  
Them people see my good side  
Black nigga with intellect  
6th grade I was Special Ed  
10th grade I was rad as shit  
Lookin' like a nigga just left Japan  
Well goddamn, now I be the man  
Now every bitch kickin' with me,  
and every bitch kickin it with me goin Mia Hamm goin' HAM  
Every visit to Neimans, I swear don't even see a tag  
When you're reachin' your dreams  
You got reason to brag  
Ambition over everything  
And I never plan on settling  
And my wish is to have everything  
And my only fear's a wedding ring  
Hopin' that my niggas see  
Hopin' that these bitches saw it  
Hopin' when it's break in here  
I got he same addition for it  
Niggas think I'm slippin, niggas is lunchin'  
And even dumb's smokin' deeper suicide  
No days off! No days off!  
Heard they coming for a nigga  
Bitch I'm Ray Charles  
No days off!  
Takin' breaks will leave you broken  
And we can't fall  
No days off! No days off!  
Heard they coming for a nigga  
Bitch I'm Ray Charles  
No days off!  
Takin' breaks will leave you broken  
And we can't fall  
I used to sleep hungry in a bed next to roaches  
Now I wake up, play a beat and burn a couple roaches  
Permanently focused, learning while I'm going  
And the word most important  
Don't regurgitate my sperm  
Let me work that - no nasty  
But I'm actually quite respectful

But you call a bitch a bitch  
And real bitches don't respect you  
And that's fucked up  
But I guess that shit's just tough love  
Around my way, I'm cut throat  
And what I did just ain't enough  
Fly shit ain't not thang to us...  
20 somethin', no baby ma  
Mama want me to go find a wife  
I'm like sorry ma, this not the time  
Can't decide, take em out  
G'd up, shake it down  
Weed up, better make a sound  
Greened up, I'm like [?]  
Higher than high school  
Mariah tunes and five flutes  
Owe 5 to Hooper's and light shoes  
Never liked school  
Reckless when I move  
Where I from, it get cold  
Niggas die over shoes  
Niggas shoot over bitches  
Bitches get niggas set up  
Stuck up beat up and wet up  
That's why I never met em  
That's why forever I love seldom and trust never  
And fuck whoever don't put one hundred percent in  
Nigga No days off! No days off!  
Heard they coming for a nigga  
Bitch I'm Ray Charles  
No days off!  
Takin' breaks will leave you broken  
And we can't fall  
No days off! No days off!  
Heard they coming for a nigga  
Bitch I'm Ray Charles  
No days off!  
Takin' breaks will leave you broken  
And we can't fall
