## Bow Wow

Ah hah hah  
(Show time)  
Shake it two time  
Shake it one time, shake it two time  
Shake it one time, shake it two time Shake it one, two, two, one, one, two, two, two  
One time, shake it two time  
Shake it one time, shake it two time  
(Ladies)  
Shake it one time, shake it two time  
Shake it one time Let's shake it one time, baby, your two times, baby  
I'm Bow Wow, you know how I do now, baby  
A new style, and I got a new sound, baby  
In my wrist, ear, neck, bling  
(Plow, hah)  
Easy on 'em, they sayin' be easy on 'em  
I'm sayin' be Weezy, don't be playin'  
I'm too freezy on 'em, I'm frozen  
'Cause VBs on 'em, float with the TV on 'em  
Floatin' the GT on 'em, floatin' like Jesus on 'em They gonna go on and more on much murder  
You can't resuscitate him  
Who's fatal for hate forsaken, I keep the ladies waitin'  
I keep the ladies paintin' and drippin' and change 'em  
When I'm trippin', grippin' the grain and switchin' up lanes  
I make 'em shake it One time, shake it two time  
Shake it one time, shake it two time  
Shake it one time, shake it two time  
Shake it one, two, two, one, one, two, two, two  
One time, shake it two time  
Shake it one time, shake it two time  
(Ladies)  
Shake it one time, shake it two time  
Shake it one time Shake it for me, momma, all around like you never shake  
Shake it for me, momma, off the ground, make you levitate  
I get you so wet, bet you I make your levy break  
(Drop it, dr-drop it, dr-drop it)  
Yeah, 'cause I'm a heavy weight Flyin' up to levitate, baby, so I don't ever hate  
I pop it off in there, stay, baby, so I don't ever wait  
Money's not a problem, lil' mama but I don't ever pay  
Just wrap it up and shake your body like a Chevrolet Impala, and you can smell the polish  
The whip be stylin' like I took it to the beauty parlor  
You know how we be right, this time I brought my partner  
They call me Lamborghini Moss, Swizz the monster I say one time, shake it two time
