

# Memory

Barry Manilow

Midnight

Not a sound from the pavement

Has the moon lost her memory

She is smiling alone

In the lamplight the withered leaves collect at my feet

And the wind begins to moanMemory

All alone in the moonlight

I can smile at the old days

It was beautiful then

I remember the time I knew what happiness was

Let the memory live again

Daylight

I must wait for the sunrise

I must think of a new life

And I mustn't give in

When the dawn comes tonight will be a memory too

And the new day will beginBurnt out ends of smokey days

The stale cold smell of morning

The streetlamp dies

Another night is over

Another day is dawningTouch me

It's so easy to leave me

All alone with the memory

Of my day in the sun

If you touch me you'll understand what happiness is

Look a new day has begun

Memory

All alone in the moonlight

I can smile at the old days

It was beautiful then

I remember the time I knew what happiness was

Let the memory live again
