

Everything

Chester See

She loved and left me
Still she kept me
Wanting more, but feeling empty
Did she have to go?
Will I ever know? Love and leave me
She deceived me
The way she kissed
Was so misleading
I thought that she might stay
Then she went away
Before I closed the chapter to your name
There's a couple of things I never got to say Your eyes are wonderful
Your smile is too
Your laugh's contagious
And your heart is true
There's beauty in your touch
And your kiss is love
You're everything that every guy dreams of
You're everything
That makes me fall in love It's been some time
But still I find
I'm struggling with our
Last goodbye
I thought this love would last
Now I'm living in the past
Cause it's just me
And memories of how my heart
Would skip a beat
Whenever you were near
Now you're never here Before I find the strength to let this go
There's a couple of things I need for you to know Your eyes are wonderful
Your smile is too
Your laugh's contagious
And your heart is true
There's beauty in your touch
And your kiss is love
You're everything that every guy dreams of
You're everything
That makes me fall in love Your eyes are wonderful
Your smile is too
Your laugh's contagious
And your heart is true

Yeah, there's beauty in your touch
And your kiss is love You're everything
Yes

You're everything
You're everything
That makes me fall in love
Yeah, in love
