Everything

Chester See

She loved and left me
Still she kept me
Wanting more but feeling ampt

Wanting more, but feeling empty

Did she have to go?

Will I ever know?Love and leave me

She deceived me

The way she kissed

Was so misleading

I thought that she might stay

Then she went away

Before I closed the chapter to your name

There's a couple of things I never got to sayYour eyes are wonderful

Your smile is too

Your laugh's contagious

And your heart is true

There's beauty in your touch

And your kiss is love

You're everything that every guy dreams of

You're everything

That makes me fall in loveIt's been some time

But still I find

I'm struggling with our

Last goodbye

I thought this love would last

Now I'm living in the past

Cause it's just me

And memories of how my heart

Would skip a beat

Whenever you were near

Now you're never hereBefore I find the strength to let this go There's a couple of things I need for you to knowYour eyes are wonderful

Your smile is too

Your laugh's contagious

And your heart is true

There's beauty in your touch

And your kiss is love

You're everything that every guy dreams of

You're everything

That makes me fall in loveYour eyes are wonderful

Your smile is too

Your laugh's contagious

And your heart is true

Yeah, there's beauty in your touch And your kiss is loveYou're everything

Yes

You're everything
You're everything
That makes me fall in love
Yeah, in love
