

# Walk Away (feat. Luna Aura) [3LAU Deep Mix]

3LAU

[Verse 1]

I can see it in your eyes  
All the years that passed us by  
Just say

You remember all the times  
All the memories we hide  
Away[Pre-Chorus]

So now you're here with me  
She's waiting patiently  
'Bout what you say

[Chorus]

Tell me I'm not crazy  
That you feel the same  
Oh, don't you walk away  
How can I make you stay?  
Tell me you've been waiting  
That I'm not too late  
I never walked away

How can I make you stay?[Post-Chorus]

I never walked  
Too late

I never walked  
Make you stay  
I never walked  
Too late

I never walked  
Make you stay  
Make you stay

[Verse 2]

Tell me what I got to do  
Show me what I got to lose  
For you

How can I make you chose?  
Your move[Pre-Chorus]

So now you're here with me  
She's waiting patiently

'Bout what you say[Chorus]  
Tell me I'm not crazy

That you feel the same  
Oh, don't you walk away

How can I make you stay?  
Tell me you've been waiting  
That I'm not too late  
I never walked away  
How can I make you stay?[Post-Chorus]  
I never walked  
Too late  
I never walked  
Make you stay  
I never walked  
Too late  
I never walked  
Make you stay  
Make you stay[Bridge]  
Make you stay  
Make you stay  
Make you stay[Chorus]  
Tell me I'm not crazy  
That you feel the same  
Oh, don't you walk away  
How can I make you stay?  
Tell me you've been waiting  
That I'm not too late  
I never walked away  
How can I make you stay?[Outro]  
Make you stay  
I never walked  
Make you stay  
I never walked  
Make you stay  
I never walked  
Make you stay  
I never walked  
Make you stay
