

Hiphip Chinchin (feat. Brenda Boykin)

Club des Belugas

The subject for tonight's lecture is rythm (the beat)
the driving force that holds our lives together
without rythm your heart wouldn't be
without direction
without moves
without shakessand so tonught we say hip hip chin chin the rythm's actionthe beat(11x)
and so tonight we say
hip hip chin chin(10x)the beat(3x)
The subject for tonight's lecture is rythm (the beat)
the driving force that holds our lives together...
and so tonight we say hip hip chin chin
