## REO Speedwagon

Shakin' It Loose

(Richrath)

She looked at me with fire in her eyes

Looks can't kill but she certainly tries

and try as she might\*

I'm gonna be alright

Shakin'it loose tonightShe said "Honey, forget me quick"

Another fool another Hollywood trick

Movin'on a red light

But I'm gonna be alright

Shakin'it loose tonight

I got to go there's someone on the phone

Knock on my door but there's nobody home

I turned out the light

But I'm gonna be alright

Shakin it loose tonight

Shake, shake, shakin'it loose tonight,

Shake, shake, shakin'it loose tonight,

I'm gonna make it

Shakin it loose tonight
