

# I'll Be There

## Chic

Into the Disco Scene,  
I'll be there  
I'll be there  
I'll be there  
I'll be there  
Life began for me,  
When a single DJ dropped the needle on my vinyl  
(Everybody Dance)  
I look out to see  
People on the dancefloor, living proof of our revival.  
Everynight night was a blast  
We were flying fast, flying free, we were driven  
No I dont (want to live in the past  
but it is a nice place to visit)  
And if you come along,  
I'll be there  
If you come along  
I'll be there  
and if you come along  
I'll be there  
and if you come along  
I'll be there  
if you come along  
Equal days and nights  
all around the world  
there was an explosion (the clock keeps turning)  
I was more alive (it's getting late)  
cause we worship music and it symbolised emotion  
Smash after smash after smash  
I appreciate all the gifts I was given  
Now I dont want to live in the past  
but its a nice place to visit  
So if you come along  
I'll be there  
If you come along  
I'll be there  
and if you come along  
I'll be there  
and if you come along  
I'll be there  
if you come along (Do Doo Do Do Do etc) I'll be there  
I'll be there  
I'll be there

I'll be there  
And if you come along  
I'll be there  
If you come along  
I'll be there  
and if you come along  
I'll be there  
and if you come along  
I'll be there  
if you come along  
I'll be there  
If you come along  
I'll be there  
and if you come along  
I'll be there  
no place like home  
I'll be there  
so if you come along  
I'll be there.I'll breath there  
I'll be there  
I'll breath there.Lets get through it we almost did it.
