We come Fe make the people dem just rock up
Now we come Fe mash it in a different style
Yer you know we come kill the tune just like a ninja

This is the sound of the band call Skindred
Calling every nation Fe jump up as one
Come together in the pit and turn crazy
Then we grab the dollars from promoters and we run
Co Lord have mercy me say Now we come in ah de place and we tear things up
We rock out the stage and the whole place shook
Promoter and his idrin dem ah tan up and ah look
