

# Sleep Walkin

Mozzy

Ay, we done came a long way, traveled down the wrong way  
They ain't find no shell cases, thankful for the cold case  
Thankful for the prostitutes, assuming that we soulmates  
Thankful for the big homie, coached me through the dope game  
Boogers clutter both chains, Euros hugging both lanes  
Caught up in this style of living, couldn't if I want to change  
Hang out on the porch with yay, out on bail, forced to pray  
God is good, God is great, I thank you for another day  
Thank you for this 100K, thank you for my girly face  
I was too broke to ever visualize the world this way  
Trapped inside a world of pain, I trapped for every quarter gained  
I don't do this shit for fame, bitch, I do this shit for gang  
Since when did I go against the grain? Gave them niggas sticks to bang  
Helped them niggas get them chains and showed the hood a different way  
Bust it down and deviate it, everybody seeing paper  
I just want to see you make it, incubator 80's baby  
One up top ahky, something stocky in the choppy  
Fat wally for bradaski, off a Oxy bet he mop 'em  
Pour a four of wocky, vision cloudy, sleep walkin'  
Pour a four of wocky, vision cloudy sleep walkin' One up top ahky, something stocky in the  
choppy  
Fat wally for bradaski, off a Oxy bet he mop 'em  
Pour a four of wocky, vision cloudy, sleep walkin'  
Pour a four of wocky, vision cloudy sleep walkin' All them trials and tribulations, bail  
enhancements and arraignments  
Affidavits and them statements, waiting game, so I waited  
The numbers double up when niggas labeled gang related  
Plus I'm in and out of family court for Dooters, shit was brazy  
Child Protective Services, only thing can break me  
Family of a murder victim, only reason you should hate me  
I been feeling smothered lately, blood called me for the yankee  
He ain't even call to thank me for that put on I just gave him  
I miss my brother Deezy, only if those bullets grazed him  
Wasn't no hatred in my heart until that happened, that's what changed me  
My last trip to Quinten for that yicki really saved me  
I was moving mainey every daily, on my baby, nigga  
Shoot you if you if you make me, nigga, E we finally made it nigga!  
Mozzy Shawn callin from the bounty, "what you facing, nigga?"  
Shout out to the Asian boys, I love you for them k-da's nigga  
Call me when you need me, y'all forever in my favor nigga  
One up top ahky, something stocky in the choppy  
Fat wally for bradaski, off a Oxy bet he mop 'em

Pour a four of wocky, vision cloudy, sleep walkin'  
Pour a four of wocky, vision cloudy sleep walkin'One up top ahky, something stocky in the  
choppy

Fat wally for bradaski, off a Oxy bet he mop 'em  
Pour a four of wocky, vision cloudy, sleep walkin'  
Pour a four of wocky, vision cloudy sleep walkin'
