

Beta Love

Ra Ra Riot

Golden light, turn away
If I run to you, would you stay?
I might be a prototype, but we're both real inside
Would you take me up this time?
Come take me up this time
Cause I'm gonna find that place the way that I want I will find my beta love
When I find my beta love
You will be my beta love
My beta love
Now we're getting closer
In this hole, I believe
You can't tell me no, it's no dream
In this city of robot hunts, as we're made to be
You take me up this time
You take me u? this time
I was made in that place, no way to deny I will find my beta love
When I find my beta love
You will be my beta love
My beta love
Now we're getting closer
Oh, aye, oh, aye, oh
My beta love
When I find my beta love
You will be my beta move
My beta love
Now we're getting closer
My beta love
When I find my beta love
You will be my beta move
My beta love
Now we're getting closer
Close to you
