

Swimming Pool (feat. Tom Fleming)

Emmy the Great

You're so high
You look like the good time
The straight line in the sky
Jump in dew
You're a blue swimming pool
And so clear and so, so new
I reach out and touch you
But you jump in too
Your blue swimming pool Hey, rich kid
I, I want it
The sunshine, the timeline
Your good time and
Your blue swimming pool
Love is something that I've always thought
I could never go inside
Now I've seen you here,
I don't know how
I even used to be alive
Can I stay here for a while?
Watch you till my heart unwinds
Until I know I won't forget you
In your swimming pool Hey, rich kid
I'm here, I want it
The sunshine, your timeline
The good time, and
Your blue swimming pool
Love is something that I've always thought
I could never go inside
Now I've seen you here,
I don't know how
I even used to be alive
Can I stay here for a while?
Watch you till my heart unwinds
Until I know I won't forget you Love is something that I've always thought
I could never go inside
Now I've seen you here,
I don't know how
I even used to be alive
Can I stay here for a while?
Watch you till my heart unwinds
Until I know I won't forget you,

In your swimming pool
