

# Take a Chance With Me

## Roxy Music

As they say, two can play  
But keep that song away from me  
In my time, too much love  
Made me sad for so long I was lost, can't you see?  
Through the long, lonely night  
Heaven knows I believe  
Won't you take a chance with me? Sometimes I get so blue  
People say I'm just a fool  
All the world, even you  
Should learn to love the way I do  
I was blind, can't you see?  
Through the long, lonely night  
Heaven knows, I believe  
Won't you take a chance with me?
