

Loving Me Back (feat. Lee Ann Womack)

Brothers Osborne

The smoke and the whiskey
Ain't gonna miss me when I'm gone
I thought they were needing me
But really they were leading me on
It gets old waking up with your
Head in a vice feelin'
Empty as a bottle of Jack
But I finally found somethin' worth lovin'
That's lovin' me back
You get me high
You get me stoned
It's a ride I ain't never been on
It's a binge, it's a buzz, it's a drunk I can't find in no glass
Yeah I finally found somethin' worth lovin'
That's lovin' me back
Bright lights and guitars and dive bars playin' for tips
And pourin' your heart out to strangers is a strange kinda fix
But fillin' that dance floor is somethin' I live for
But I give more than I'll ever get back
But I finally found somethin' worth lovin'
That's lovin' me back
You get me high, you get me stoned
It's a ride I ain't never been on
It's a binge, it's a buzz, it's a drunk I can't find in no glass
Yeah I finally found somethin' worth lovin'
That's lovin' me back
The smoke and the whiskey
Ain't gonna miss me when I'm gone
You get me high, you get me stoned
It's a ride I ain't never been on
It's a binge, it's a buzz, it's a drunk I can't find in no glass
Yeah I finally found somethin' worth lovin'
That's lovin' me back
That's lovin' me back

End
