

# Ain't Gonna Drown

[Elle King](#)

Train's coming but I'm stuck on this road  
Moon's rising and my blood is growing cold  
Preacher man can't save a soul like mine  
Miracles are just too damn hard to find  
Ain't gonna drown in the water  
Ain't gonna drown in the water  
Cause the good lord ain't bringing me home  
I'm bound for the broken promise land  
To meet my demons and get back my upper hand  
Long man can't catch a soul like mine  
Miracles are just too damn hard to find  
Ain't gonna drown in the water  
Ain't gonna drown in the water  
Ain't gonna drown in the water  
Cause the good lord ain't bringing me home  
Long man can't catch a soul like mine  
Miracles are just too damn hard to find  
Ain't gonna drown in the water  
Ain't gonna drown in the water  
Cause the good lord ain't bringing me home  
Ain't gonna drown in the water  
Ain't gonna drown in the water  
Ain't gonna drown in the water  
Cause the good lord ain't bringing me home
