

Beautiful Day (feat. Sheryl Crow)

Joshua Radin

Gonna wash the dust off my soul
Gonna listen to some rock 'n' roll
No cares, come what may
I'm making a beautiful day Gonna drive my car to the sea
Swim out far cause I believe
That waves will wash the grey away
I'm making a beautiful day Let me hear you say...Ooh, oh oh, my my
I'm learning to fly
Hey, hey, what's that you said
Let's not forget we're alive
Gonna climb that hill behind my house
See what this place is all about
Cause from above it all, you can't help but say
It's gonna be a beautiful day
It's gonna be a beautiful day But let me hear you say...Ooh, oh oh, my my
I'm learning to fly
Hey, hey, what's that you said
Let's not forget we're alive Gonna turn my enemies into friends
What's broken gets stronger when it mends
When we all come together, this song will play
We'll sing, it's a beautiful day
It's gonna be my beautiful day
Oh oh, my my
I'm learning to fly
Hey, hey, what's that you said
Let's not forget we're alive
