From the Pinnacle to the Pit

Ghost

You have the power You wear the crown From the pinnacle to the pit It is a long way downYou wield the scepter You wear the gown From the pinnacle to the pit It is a long way downIn your empire They stare in frown From the pinnacle to the pit It is a long way down You are cast out from the heavens to the ground Blackened feathers falling down You are cast out from the heavens to the ground Blackened feathers falling down You will wear your independence like a crownCruciger globus You stand your ground The orb disfigured What's flat looks roundFrom the pinnacle to the pit It is a long way down You are cast out from the heavens to the ground Blackened feathers falling down You are cast out from the heavens to the ground Blackened feathers falling down You will wear your independence like a crown
