## Kap G

I just took a flick with your girlfriend  
I be kicking shit with your girlfriend  
I just smoked a blunt with your girlfriend  
I think that I'm done with your girlfriend  
all up in my business she be lurkin  
I've been tryin to tell her bye, it aint working  
i think I'm done with your girlfriend  
I just smoked a blunt with your girlfriend  
Ridin through the city i dont know that she be wit it  
she was trying to get with me so i had to get busy  
see I meet her at the Lenox she was trying to buy Jimmys  
had ass like Serena like she had to play tennis aye  
swerving on the corner like skurr  
she said, "can I text you?"  
I'm like sure, and I got on Gucci like burr  
shawty you gon to shave the fur  
and i might come Ballin like I'm Stephen Curry.Space Jam  
Bill maury munches oreo mcflurry whoa  
I can't even lie shawty thick and she pretty  
work at the blue flaint she doing tricks on the pole  
I aint even know that's your girlfriend
