

The Worst In Me (feat. Tinashe)

KAYTRANADA

Oh yeah
Ooh, woah, ooh
Oh, nah, nah You make me a mess, oh
Never meant to love you so, no
Played with my emotions
Falling for you don't make no sense Ooh-ooh-ooh, never could have cried so easily
You, ooh-ooh, always get away with everything
I can't believe that I let, let you in
Once again, and again, and again, oh, no, no
Every time I fuck, fight, we scream (All night)
I thought it was (This ain't how it's supposed to be)
That means I feel (Something)
I want your love (You bring out the worst in me)
Oh me, oh me, oh me
Oh me, oh me (This ain't how it's supposed to be)
Oh me, oh me, I believe
Oh me, oh me (You bring out the worst in me) Every time you fall asleep
I feel like it's finally peace of mind
Dancing in those memories, living a lie Ooh-ooh-ooh, never would have thought it'd come to this
You, ooh-ooh, always change my mind with one little kiss
Can't believe that I let, let you in
Once again, and again, and again, oh, no, no
Every time I fuck, fight, we scream (All night)
I thought it was (This ain't how it's supposed to be)
That means I feel (Something)
I want your love (You bring out the worst in me)
Oh me, oh me, oh me
Oh me, oh me (This ain't how it's supposed to be)
Oh me, oh me, I believe
Oh me, oh me (You bring out the worst in me) Oh me, oh me, I believe
Oh me, oh me
Oh me, oh me, I believe
Oh me, oh me (You bring out the worst in me)
