

# Psalm 69

## Ministry

Congregation, please be seated and open your prayer guides to the book  
Of revelations, Psalm sixty nine  
Sixty nine Praise Jesus  
Praise Jesus And now its time for us  
To give a little love back to god Drinking the blood of Jesus  
Drinking it right from his veins  
Learning to swim in the ocean  
Learning to prowl in his name  
The body of Christ looked unto me  
A preacher with God-given hands  
He wants you to suck on the Holy Ghost  
And swallow the sins of man Psalm sixty nine The invisible piss of the Holy Ghost  
Comes down like acid rain  
They're making a bonnet of terminal guilt  
The scavengers go on parade  
The fathers who write that eternity  
Is used to fight the sword  
Have filled you up with the devil's cock  
And he'll come in the name of the lord The way to succeed and the way to suck eggs
