

# I Won't Let You Down

HRVY

I won't let you down I wish that we could just talk  
But I don't really know where to start  
Yeah, you got every right to be mad  
After all of the things that I said  
I know I didn't deal with things properly  
But know I'm trying be the man I'm supposed to be  
If I don't then I'll live in regret  
'Cause I hate that I left you upset Threw your keys on the table  
Said that I was ungrateful  
And I thought I was strong  
I know I hurt you  
Never said I loved you  
But I'll say it now  
And you should know that  
I'm not gonna hold back  
This time around  
If you give me another chance  
I won't let you down I know I messed up  
But to tell you the truth  
I was too busy hanging out with my crew  
You were so cool and it ain't no excuse  
I should've spent a little time with you  
Instead of just playing around messing about  
But I was in the drivers seat, but who's the passenger now?  
Sat here trying figure it out  
Same song going round and round  
Threw your keys on the table  
Said that I was ungrateful  
And I thought I was strong I know I hurt you  
Never said I loved you  
But I'll say it now  
And you should know that  
I'm not gonna hold back  
This time around  
If you give me another chance  
I won't let you down There are some things that we cannot change  
No we can't go back in time  
But I hope that it isn't to late  
To give it another try I know I hurt you  
Never said I loved you  
But I'll say it now  
And you should know that

I'm not gonna hold back  
This time around  
If you give me another chance  
I won't let you down
