

# Man of War

## Sabatón

Masters of the wind  
Metal warriors number one  
Sleipner met the king of kings  
Where all men play attend  
Its brothers of four  
they are men at war  
the sign of the armors arguide  
its a metal days  
its the outlaws ways  
return of the warlord at last  
blood of the kings defender  
King of the dance of war With a heart of steel  
and hell on wheels  
the kings of metal lead us  
its the king of kings  
the crowd loudly carried on  
as the kingdom come  
its a call to arms  
our battle hints  
today its a good day to die  
sense a Odin call in the palace hall  
the blood of the enemies flow  
Blood of the kings defender  
King of the dance of war With a heart of steel  
and hell on wheels  
the kings of metal lead us  
its the king of kings  
the crowd loudly carried on  
as the kingdom comesolo Blood of the kings defender  
King of the dance of war  
With a heart of steel  
and hell on wheels  
the kings of metal lead us  
its the king of kings  
the crowd loudly carried on  
as the kingdom come
