

# Godless Girl

## The Chain Gang of 1974

In a quiet lucid dream  
And the chill sets fire to me Meet me by the lake  
Come back to that day  
And I'd feel nothing I was in my state  
You left for LA  
To be a real woman There are some things in life you can't take back  
There are some things in life you can't take back  
In a quiet lucid dream  
And the chill sets fire to me Please don't miss me  
Forever I'll run away  
I'll run away  
Please don't miss me  
Forever I'll run away Memory is cruel  
The fatalistic drug  
That beats in your heart It taps upon your skin  
Again, again, again  
And it leads you to run  
Please don't miss me  
Forever I'll run away  
I'll run away  
Please don't miss me  
Forever I'll run away
