

Infiltrate and Assimilate

Iced Earth

We must be swift
Integrating with man
Instating our vision of the Master Plan
We'll placate the humans in need
Their form we have taken
Their tongue we can speak
Plotting and planning, total secrecy
We'll infiltrate and take the lead
Misery unfolding for the rest of time
A world they created for their vicious crimes
This is the start of
What is meant to be
Infiltrate, Assimilate, fulfill our destiny
The ten thousand chosen
Charged with our creed
Ensuring division in societies
Instate the Domino Decree
Lead them to wander
New lands, 'cross the seas
Creating new cultures, fascist or free
Division will bring them to their knees
Misery unfolding for the rest of time
A world they created for their vicious crimes
This is the start of
What is meant to be
Infiltrate, Assimilate, fulfill our destiny
Misery unfolding for the rest of time
A world they created for their vicious crimes
This is the start of
What is meant to be
Infiltrate, Assimilate, fulfill our destiny
This is the start of
What is meant to be
Infiltrate, Assimilate, fulfill our destiny
