

Glass

Gang of Four

Look through the window
Look through the window
Look through the window
I'm looking through a pane of glass Look through the window and what do you see?
Look through the window and what do you see?
Look through the window and what do you see?
I'm looking through a pane of glass I'm so restless
I'm so restless
I'm so restless
We talk about this and we talk about that I'm so restless, I'm bored as a cat
I'm so restless, I'm bored as a cat
I'm so restless, I'm bored as a cat
We talk about this and we talk about that
Light myself
Light myself
Light myself
Nicotine really goes to my head Light myself up a cigarette
Light myself up a cigarette
Light myself up a cigarette
Nicotine really goes to my head If you're feeling all in take some aspirin
If you feel in a mess put your head on a head rest
Your back on a back rest, foot on a foot rest
Or your arm on an arm rest or your leg on a leg rest Your back on a back rest, if you feel in a
real mess
When you're feeling all in
Take some aspirin
Or some paracetamol
Always thought life should be so easy
It seems that I have misunderstood
Nothing I do can seem to please me
What I say don't sound so good I always thought
I always thought
I always thought
It seems that I have misunderstood
