It's Fine

Fine, Fine, Fine, Fine, Fine
It's Alright
Had a dream last night
That the world stopped turning
But your madness, it kept on
Guess I wasn't too bright
And I really wasn't learning
Should have seen it all along
All those sweet, sweet kisses and those sweet red roses
They convinced me that it was you
I made you exclusive
Now it's so conclusive
That you wasn't doing it too
If you'd told me from the start that you're playing around it would have been fine
It would have been fine
Then I would have played too and I guess I would have had a good time
If you'd told me from the start that you're playing around it would have been fine
Then I would have played too and I guess I would have had a good time
Something didn't feel
right
And I wish I knew it
I just could not see your games
I got respect for you
And you put me through it
Why would you bring me so much pain
I would still love for you, 'cause I did adore you
While my dogs would chew you out
Tried to be so nice on those lonely nights
But I should have figured you out
If you'd told me from the start that you're playing around it would have been fine
It would have been fine
Then I would have played too and I guess I would have had a good time
I would have had a good time
If you'd told me from the start that you're playing around it would have been fine
It would have been you baby
Then I would have played too and I guess I would have had a good time
Baby you're so fine
You are the one that I saw
You are so fine
You're my...
Oh you're mighty fine
You're fine-fine, fine-fine, fine-fine, fine-fine, fine-fine
You are the one that I love
You're my...
You're fine-fine, fine-fine, fine-fine, fine-fine, fine
Fine
You are the one that I love
