Empire Cast

Bounce that ass let me see you move
Bounce that ass let me see you move Pull up to the club with the doors up
We don't wait in line, you know who we are
Popping all the bottles, yes, all night
I'mma do this dance on you all night
I'mma do this dance on you all night
I'mma do this dance on you all night
I'mma do this dance on you all night
All night, all night
Shawty got that ass, yeah, hella fat yeah
I'mma throw a stack, yeah, on your back, yeah
She gon' throw it back, yeah, for a rack, yeah
What they doing this? Man I did that last year
Hit the charts, number one, that was just the first year
All they really wanna know is what I'm worth, yeah
I'mma, I'mma need a hundred thou for a verse, yeah
She prepared, shawty keep protection in the purse yeah
Yeah, I'mma make her scream and feel good, go to work
I'mma do it so good 'til it feels like it hurt
Throwing money in the club, might leave a will there
All my people in the building, everybody real there
Pull up to the club with the doors up
We don't wait in line, you know who we are
Popping all the bottles, yes, all night
She gon' do a dance on me all night
She gon' do a dance on me all night
She gon' do a dance on me all night
She gon' do a dance on me all night
All night she gon' do a dance for me Shawty got game, you know she with it, yeah
Five hundred on a whip, I knock ya chick, yeah
Cartier wrist, plus she's super thick, yeah
Do it like a song, I just want a hit, yeah
Want a hit yeah, let me bust it wide open
Mister Replay, I hit it in slow motion
Bad bitch alert, shawty got them low miles
She'll back that ass up, like an iCloud
We be getting money, they ain't live like us
Champagne poppin', we ain't drinking no cups
She gon' do a dance for me all night
And I'mma throw the money to the sunlight Pull up to the club with the doors up

We don't wait in line, you know who we are
Popping all the bottles, yes, all night
She gon' do a dance on me all night
She gon' do a dance on me all night
She gon' do a dance on me all night
She gon' do a dance on me all night
All night she gon' do a dance for me
Now she gon' do a dance for me
She gon' make that booty clap like some hands for me
Told her, "I don't wait in line, girl, these foreign shoes"
Walk up in the club, wavy, let 'em all choose
Just messed up some commas, just messed up some Euros
I'm talking you and me, shawty, that's plural
You can not name a young realer, I'm uno
Getting wasted tonight like no tomorrow
I'm up in the VIP, run the whole section
All these haters talk, but it don't effect me
I ain't lifting weights but you know I'm flexin'
So you gon' get a dance cause tonight I'm checkin'
Pull up to the club with the doors up
We don't wait in line, you know who we are
Popping all the bottles, yes, all night
She gon' do a dance on me all night
I'mma do this dance on you all night
She gon' do a dance on me all night
I'mma do this dance on you all night
She gon' do a dance on me all night
She gon' do a dance on me all night
All night she gon' do a dance for me
All night, all night
Bounce that ass let me see you move, do it
Bounce that ass let me see you move (Oh, baby)
Pull up to the club with the doors up
We don't wait in line, you know who we are
Popping all the bottles, yes, all night
She gon' do a dance on me all night
She gon' do a dance on me all night
She gon' do a dance on me all night
She gon' do a dance on me all night
All night she gon' do a dance for me
All night, all night
