

# Do Your Duty

Bessie Smith

Do your duty  
Wesley Sox Wilson If I call three times a day  
Come on and drive my blues away  
And when you come, be ready to play  
Do your duty If you want to have some luck  
Give your baby your last buck  
Dont come quackin like a duck  
Do your duty  
I heard you say you didnt love me  
Yesterday at mrs. brown  
I dont believe a word she says  
Shes the lyinest woman in town.  
When I need attention at home  
I call you on the telephone  
Come yourself, dont send your friend jones;  
Do your duty If my radiator gets too hot,  
Cool it off you know the spots.  
Give me all the service you
