

# Baby Ride Easy (with June Carter Cash)

## Johnny Cash

Johnny Cash: If I drove a truck  
June Carter: And I were a waitress  
Johnny: And I ordered coffee  
June: And I poured you some  
Both: Then you'd stop by on your way sometimes later  
June: And if we arm-wrestled  
Johnny: I'd say that you won  
Both: I need my baby, ride easy, ride high in the saddle all day  
June: If your loving is good  
Johnny: And your cooking ain't greasy  
Both: We'll chuck the chuck wagon and we'll ride away  
June: If I were a winsome pale seniorita  
Johnny: And I a bull-fighter, way down in the sand  
Both: While the band kept on playing that Old Paso Doable  
June: Would you throw me a flower  
Johnny: Would you take my hand?  
Both: I need my baby, ride easy, ride high in the saddle all day  
June: If your loving is good  
Johnny: And your cooking ain't greasy  
Both: We'll chuck the chuck wagon and we'll ride away  
Johnny: If I ran the country  
June: I'd be your first lady and I'd pick up the white house while you were away  
Both: Waiting while you're passing time with world leaders  
June: Left alone together  
Both: Alone we might lay  
Both: I need my baby, ride easy, ride high in the saddle all day  
June: If your loving is good  
Johnny: And your cooking ain't greasy  
Both: We'll chuck the chuck wagon and we'll ride away  
June: If your loving is good  
Johnny: And your cooking ain't greasy  
Both: Hey!
