If It Were Up To Me

Rooney

She doesn't have the answer yet
The answer yet
I'm breathing down her neck
Maybe I should give her time
If it were up to me
She would know that
She'll be the one
When I'm dead
Will use my bed

And she'll spend her life

Thinking of us and making a fussIf it were up to me She would know that our love (our love)

Is the best love (best love)

If it were up to me

Yes, our love (our love)

Is real love

So just let it be

I want you to know

I've done our charts and it says

That we work as one

Like the Jackson Five

And the TemptationsIf it were up to me She would know that our love (our love)
