

# Beauty for Ashes

## Midnite

the highest live, the highest live  
to trust where someone is we need to live we need to live  
the garment of praise for the spirit of heaviness  
and i and i is inna sameness you see it  
beauty for ashes, the oil of joy for mourning  
the one chance the conscience see in all i-manity  
'mong all nationality, the full spectrum of everything it is  
JAH can be found wherever people be  
so dont let it be hatred of a deep degree  
lets try to put perspective to the scrutiny  
when reading from the deeds chronology of history  
all nations have their shame and pride revealed  
as the Lion of Judah loose the seven seal  
a broken contrite heart should be in all to feel  
as these are the gates of a soul redeemed  
there's a lot of deep mistakes and a lot of shadow steal  
written upon a piece of iron and for real, for real  
to trust where some one is we need to live we need to live  
garment of praise for the spirit of heaviness  
and i and i inna sameness  
beauty for ashes  
the oil of joy for mourning for mourning  
program (? to quasi and a techno- off ?) to reel outta dream  
careful what they're program in a medi set in  
just keep the irates ( --?-- ) green  
chlorophyll and hemoglobin similar sing  
in every nationality the potential is  
to sing forward goodness inna offerings  
like the life yard where automatic now a for the buoy markers swim sing  
along the road of histories inferences  
JAH is not willing that any should perish  
that hearts should come to repentance  
and set it upon a cross for betterment  
not so much certain its a woe and heal the world lament  
cultivate the youth them talent and their unique presence  
dont overload their self perception and self confidence  
he of cruel speech meant to break a sense  
Haile Selassie I with the compassion  
a model of the living superlatives to implement  
humble soul is not the populace its the justice  
some well agreed intangibles about fairness  
and its not a biased perspective premeditated

for trust where someone is we need to live  
the garment of praise for the spirit of heaviness  
and i and i inna sameness  
beauty for ashes, the oil of joy for mourning  
give them beauty for ashes  
beauty for ashes
