

# Those Kinda Nights (feat. Ed Sheeran)

## Eminem

[Ed Sheeran:]

Damn, girl, with your sexy ass, haha

Let me holla at you

D.A. got that dope

This one of those kinda nights[Eminem {Ed Sheeran}:]

This beat's takin' me back to my D12 days

When we hit the club to go and Hell-raise

Probably end up back in the cocktail-waitress

And takin' her straight back to the motel

Yeah, Bizzare's tryna get a lapdance

Off a Xan next to Jack Dan' (Ayo)

Stripper walk by, I'm like "Goddamn"

She's like "That's harassment"

I'm like "Yeah, and?" (Woo)

Holy Toledo, it's Miss Ohio

That's the best ass I've seen in a while

We should be datin', she's from Cleveland

But she's a bengal, this chick a catty

Is that a mini-skirt if it's a maxi

That's the shortest thing for a dress since an addy

She said "Fuck off" and threw her liquor at me

{This one of those kinda nights}

Then I said, I said

[Ed Sheeran:]

If you wanna go hard tonight

Well then the smoke and the bottle are on me

Slip into the red dress you like

When we arrive we probably won't leave

I love the way you move like that

When you push your body on mine, oh my

You wanna smoke, drink, dance until the sun rise

This one of those kinda nights[Eminem:]

This beat keeps takin' me back like my ex does

Only 'cause how good the sex was

Hit up the next club, met Alexa

But she was so extra, called her etcetera

Had her like "Oh, my God, my whole inbox filled with your songs, I mow my lawn to 'em"

I said "Oh, my God, you know my songs, that's totally awesome, I'm Marshall, what's goin'

on?" (Haha)

Seriously though, jokes aside, how you doin'? You straight?

She said "No, I'm bi"

She said "Are you drunk?", I said "No, I'm high"

I'm checkin' out the chick, she said "So am I"  
What's in the cup, let me see that  
Girl where the rest of that promethazine at  
She said cool, gotta run out to my Cadillac  
I be like Fat Joe, bring the lean back  
Then I said  
[Ed Sheeran:]  
If you wanna go hard tonight  
Well then the smoke and the bottle are on me  
Slip into the red dress you like  
When we arrive we probably won't leave  
I love the way you move like that  
When you push your body on mine, oh my  
You wanna smoke, drink, dance until the sun rise  
This one of those kinda—[Eminem:]  
OMG  
Like the gas in the tank, she gettin' low on me  
Says she want's go with me  
I said "Go with you where?" She said "Out"  
I said I'm a candle, I go out if you blow on me  
Walk her out to the parkin' lot  
Here comes the big gate  
Turn like a flip page, 50 look shitfaced  
Me and this chick take off like a sick day  
Drivin' around, I said "Let's pull over"  
She said "No problemo", windows are dark tint  
Roll up the car windows  
Monte Carlo in park, bumpin' Bizarre's demo  
Gettin head in the bucket, marshmello  
Yeah, I never in the club met a woman worth knowin'  
But if your ho'in  
Opposite attract, I'm someone, you're a no one  
I'm high and your bi  
I'm comin', you're goin[Ed Sheeran:]  
If you wanna go hard tonight  
Well then the smoke and the bottle are on me  
Slip into the red dress you like  
When we arrive we probably won't leave  
I love the way you move like that  
When you push your body on mine, oh my  
You wanna smoke, drink, dance until the sun rise  
This one of those kinda nights
