## Future

I got my diamonds on  
You got your diamonds on  
Watches on watches  
I looked at her and I said, "Beautiful"  
Baby let's go have rich sex  
Baby let's go have rich sex  
Make a little love, have rich sex  
Rich sex, bitchBaby let's go and have rich sex  
Make a little love, have rich sex  
Baby let's go and have rich sex  
Baby girl, let's have some rich sex  
I'ma keep my AP on while I do it  
We can keep an AP on while we do it  
You can keep your Rollie on when I get to it  
You can keep your Rollie on when I get to it  
When you look down, see my chains on  
When you look down, see my chains on  
When you're ridin' on me, see my chains on  
When you're ridin' on me, keep my chains on (VVS)  
Baby we can go and have rich sex  
Baby girl, go and have rich sex  
You ain't ever ever had rich sex  
You ain't ever ever had rich sex  
Never made love to a misfit  
You never made love to a misfit  
Come and kick a deal on some rich shit  
I'ma keep it pimpin' on some rich shit  
We can do the show on the jet lift  
Fuckin' in the air on the jet, bitch  
We can do the LA petty cruisin' over Vegas  
Hundred thousand dollars for a watch, count fetti  
Kiss on a nigga with his chains on, glizzy  
Fuck so good, got both of us dizzy  
Do it lowkey, profile, get busy  
Do it lowkey, profile, get busy  
Got the Audemars Piguet on fleek  
Got my number one freak in the sheets  
And all she want is the D  
And for me to keep this ice on me  
Baby let's go and have rich sex  
Make a little love, have rich sex  
Baby let's go and have rich sex

Baby girl, let's have some rich sex  
 I'ma keep my AP on while I do it  
 We can keep an AP on while we do it  
 You can keep your Rollie on when I get to it  
 You can keep your Rollie on when I get to it  
 When you look down, see my chains on  
 When you look down, see my chains on  
 When you're ridin' on me, see my chains on  
 When you're ridin' on me, keep my chains on (VVS)  
 Baby we can go and have rich sex  
 Baby girl, go and have rich sex  
 You ain't ever ever had rich sex  
 You ain't ever ever had rich sex  
 Let's stop for a while, have recess  
 Let's stop for a while, have recess  
 Let's kiss for a while, have recess  
 Let's touch for a while, have recess  
 Do it for a while like a replay  
 Let me see you wind that ass up like a DJ  
 Run that back like a DJ  
 I know you see this big face  
 Chandelier froze for a bad one  
 Come and kick game in your ear while I smash you  
 And I keep them thangs in my ear while I'm stabbin'  
 And I catch you hot like the flame and the passion  
 And I got the flash on deck, no battery  
 And I have some Tom Fords on while you suckin' me  
 Cuban link hang off my neck, to your nip from my neck  
 To my watch and my chain, it's gon' drizzle, gon' drizzle  
 Baby let's go and have rich sex  
 Make a little love, have rich sex  
 Baby let's go and have rich sex  
 Baby girl, let's have some rich sex  
 I'ma keep my AP on while I do it  
 We can keep an AP on while we do it  
 You can keep your Rollie on when I get to it  
 You can keep your Rollie on when I get to it  
 When you look down, see my chains on  
 When you look down, see my chains on  
 When you're ridin' on me, see my chains on  
 When you're ridin' on me, keep my chains on (VVS)  
 Baby we can go and have rich sex  
 Baby girl, go and have rich sex  
 You ain't ever ever had rich sex  
 You ain't ever ever had rich sex
