

# Maze

## Juice WRLD

Stuck in a maze  
Oh, oh, oh, oh, oh, oh  
Stuck in a maze, mmhStuck in a maze  
Everything's okay but it's not really okay  
My life's a death race  
I'm numbing my pain with codeine rain  
I'm going insane  
Life's not the same  
Stuck in a maze  
I'm not going in  
My brain is going everywhere  
I'm tormented every day  
Mama, I'm losing my mental  
The sorrows I've been through  
Story to be continued  
I sip ill, pop pills, crack seals  
Doing anything to numb the  
Weight that I feel, yeah  
I chase thrills, you still crashin' Hot Wheels  
Ride a dirt bike down the ditch, see if I live  
I'm not in my subconscious, I'm conscious  
They tell me that they can help me, I got this  
Watch this  
I took my demons into the bank of life and  
I made the biggest deposit  
Without drugs, I'm losing my logic  
These pills and my Pro Tools still got logic  
I run, I run, I run  
I run, I run, I run  
Stuck in a maze  
Everything's okay but it's not really okay  
My life's a death race  
I'm numbing my pain with codeine rain  
I'm going insane  
Life's not the same  
Stuck in a maze  
I'm not going in  
My brain is going everywhere  
I'm tormented every day  
Mama, I'm losing my mental  
The sorrows I've been through

Story to be continued
