

Hot Damn

Bell Biv DeVoe

I know I know
I need you near me
But I don't think you hear me clearly
Got me ... in my feelings like February
I know ... I ain't the first, no January, girl
Cold as Ben and Jerry
Let me put you on top. You the perfect cherry, you know
We're back so legendary I been doin' this since Moe, Curly and Larry, I
And I can act snooze
with it

Especially when your movin' it
And all I need is two minutes
and after that another 2 minutes
You got a rear like a mac truck
for BBD, girl back it up
Do it on a cam, let me set it up
and Imma give you highlights.... Highlights (Clapping)

Chorus

Hot damn..... oooohhh, I love it when you twerk that.... Hot damn

Bring it over here and let me see them moves ... your moves
Girl, you know I like when you work that
The way you get it, girl you kill it where the hearse at
Girl, you know I'm feenin' and I want it in the worse way, aah Girl you know you bad over set
Put your ... over my lap ... make it hurt
