

# Body Rock

Dwele

Get your team  
Get your flock  
Get your Body rock  
Tell your girls not to stray  
Cause my crew is on the way  
And they all wanna body rock  
Pimpim for days They wanna  
Play with you ladysGirl me and you grab up your crew  
I and my dudes  
Make the night do what it do  
Smoke out  
Do that shit before you hop in my ride  
Keep it fragrant that baby fresh cause that's how I like to ride
