

Riot!

Cher Lloyd

Trendsetters, come get us
Never grow up cause immature's better
Just let us, please let up
I got my water gun and you're gonna get wetter
Boom ba doom boom boom boom
Screwin' up cause it's cool
We love it, so don't judge it
In my shirt pocket I was keepin one hundred
Let's live off the wall, the wall the wall the wall
Stand up till we fall, if we break we take it all
Cause we run, run for our lives
Run for tomorrow, run for tonight
Cause we run, run till we die
No point in livin' if we ain't livin' life
So Riot! Riot!
Everybody stand up it's
Riot! Riot!
Put your f---ing hands up
Cause we come alive tonight, tonight
(Cause we come alive) We on it, most wanted
Gotcha lookin' round for our fingerprints on it
No comment, just be honest
New world aw, they can't eff with our shhh
Boom ba doom boom boom boom
Don't make us come for you
Rough riders, dun da da
If you don't give a what, put 'em up don't knock us
Let's live off the wall, the wall the wall the wall
Stand up till we fall, if we break we take it all
Cause we run, run for our lives
Run for tomorrow, run for tonight
Cause we run, run till we die
No point in livin' if we ain't livin' life
So riot! riot!
Everybody stand up it's
riot! riot!
Put your fuckin hands up
Cause we come alive tonight, tonight
(Cause we come alive) If you think we've all gone crazy, how'd you guess?
Gonna tear the world apart until there's nothing left
Lemme see your red coats
(put 'em up! Put em up!)
If you ever f'ed up
(so what? Put 'em up!)
Till we in cuffs
('cause we never shuttin' up!)
(We run)

We run, run for our lives
Run for tomorrow, run for tonight
Cause we run, run till we die
No point in livin' if we ain't livin' life
So riot! riot!
Everybody stand up It's
riot! riot!
Put your fucking hands up
Cause we come alive tonight, tonight
Cause we come alive tonight
