

# La Luz (feat. Social Club Misfits)

## Crowder

This is a Holy Ghost party song  
Like when a prodigal come home  
Like somethin' been given that you couldn't earn  
Like being in Heaven when you shoulda burned This is a party song  
Like when the prodigal come home  
Like when lost things get returned  
Like innocence, like freedom Break the bread, pour the wine  
The Father's arms are open wide  
Break the bread, pour the wine  
Ain't nobody gonna sleep tonight, come on  
Cups up, we remember  
Hands up, we surrender  
Cups up, we remember  
Hands up, everybody sing  
(La Luz) Brighter than sunshine  
(La Luz) We got the Light of the World in us This is a Holy Ghost party song  
Like when a prodigal come home  
Like somethin' been given that you couldn't earn  
Like being in Heaven when you shoulda burned This is a party song  
Like when the prodigal come home  
Like when lost things get returned  
Like innocence, like freedom (La Luz) Brighter than sunshine  
(La Luz) I'm burning like wildfire  
(La Luz) Breaking through the darkness  
(La Luz) We got the Light of the World in us  
Uh yeah, yeah  
You kept me alive  
This a love I can't describe  
I'ma dance for my God  
Bachata merengue?  
Shout to the fam, k lo k mi gente  
Don't care what my friends say  
I don't wanna go if You don't lead me  
You're on the right-side interceding  
I got what I needed  
God came down to bring freedom  
His love for us is undefeated, whoo Break the bread, pour the wine  
The Father's arms are open wide  
Break the bread, pour the wine  
Ain't nobody gonna sleep tonight, come on  
Cups up, we remember  
Hands up, we surrender

Cups up, we remember  
 Hands up now, everybody sing (La Luz) Brighter than sunshine  
 (La Luz) I'm burning like wildfire  
 (La Luz) Breaking through the darkness  
 (La Luz) We got the Light of the World in us (La Luz) We got the Light of the World in us  
 (La Luz) We got the Light of the World in us Una parrandita pa' la gente, caliente  
 Halgo diferente  
 And the boys in the building 'stamos presente  
 Ahorra manos pa'l cielo, como se sienten  
 Una parrandita pa' la gente, caliente  
 Halgo diferente  
 And the boys in the building 'stamos presente  
 (Breaking through the darkness)  
 Ahorra manos pa'l cielo, como se sienten  
 (Oh, the Light of the World in us)  
 Una parrandita pa' la gente, caliente  
 Halgo diferente  
 (Oh, the Light of the World in us)  
 And the boys in the building 'stamos presente  
 Ahorra manos pa'l cielo, como se sienten  
 Una parrandita pa' la gente, caliente  
 (Oh, the Light of the World in us)  
 Halgo diferente  
 (Oh, the Light of the World in us)  
 And the boys in the building 'stamos presente  
 (We got the Light of the World in us)  
 Ahorra manos pa'l cielo, como se sienten Que comience la fiesta y celebración  
 Que me Dios se deliete en esta canción  
 My Father's arms open wide, receiving me home  
 (We got the Light of the World in us)  
 Been gone a long time, was lost on my own  
 Pero nunca paraste de orar  
 To' lo malo que yo hice botado en el mar  
 Remember them long nights, I was pleading to God  
 Just to see another day and He kept me alive  
 (We got the Light of the World in us)
