

Sing Around It

Nizlopi

Coming to me on this wind and rain beach
An I starts to singing your name
The feeling I got is that pure white spot
That's above all this pleasure and pain We're singing amen
We're singing Bethlehem
We're singing a song in the rain
Singing your lover
Singing your brother
Singing together again
Sing around me
Now you've found me
All the crowd gave back to your love again
People doubted
Still they roused
Kissing their baby
And getting insane (Musical Interlude) And far off in this howling English channel
I hear you in the cold shouting away
For his lover an she's an oil fire
And he praises her like it was Sunday Sing around him
Time to hound him
Over crowded back to your love again
But people doubted
Still they roused
Kissing their baby
And getting insane
Instantly walking the light
Instantly giving the sight
Instantly put into rhyme
Instantly we form the crime
Instantly brought back to life
Loving your trouble and strife
Instantly love it became
Instantly together again Baby, pour me
Now I'm shattered into pieces
And every piece longs for love
And I offer our bed within dream songs a spatchel and
Only this can save me
Only this can be me Sing around him
Time to hound him
Sing along
If you don't know the words hum
Singing praise be

Now you've found me
Singing now that I don't have to worry
Ah, dee doo dee doo dee doo
dee doo dee doo dee doo
dee doo dee doo dee doo
Ah, dee doo dee doo dee doo
dee doo dee doo dee doo
dee doo dee doo dee doo

Oh
