

# An Evening I Will Not Forget / Furthest Thing

[Dermot Kennedy](#)

When love was found  
I kept my hope just like I hoped to  
I sang to the sea for feelings deep blue  
Coming down  
We've had problems that we've grown through  
But I bet you dream of what you could do  
At seventeen I was alright  
Was like nothing I could feel inside  
And wishing you were here tonight  
is like holding on  
But I still get to see your face, right?  
And that's like nothing they can take, right?  
So there won't be no feeling in the firelight  
Hoping this'll be right  
Time to show your worth child  
I remember when her heart broke over stubborn shit  
That's no way to be living, kid  
The angel of death is ruthless  
And I'm always thinking summertime with the bikes out  
Pushing our luck getting wiped out  
Days with nothing but laughing loud  
Underneath my coat  
You tap my shoulder, hold my hand  
Nights with nothing but dark in there  
You could be my armour then  
Island smiles and cardigans  
The nights that we've been drinking in  
We're here to help you kill all of this  
Hurt that you've been harboring  
Confessions should be better planned  
Alone that night, I'm surely damned  
Run away  
And I'll understand it  
What's important is this evening I will not forget  
Purple, blue, orange, red  
These colors of feeling  
Give me love, I'll put my heart in it  
And I think about it all the time  
Lights went out, you were fine  
You kinda struggled not to shine  
I still love you though  
I still love you though

I still love you, always  
So hold me when I'm home  
Keep the evenings long  
Crack and break and part ways I still love you though  
I still love you though  
I still love you always  
So hold me when I'm home  
Keep the evenings long  
Let's not crack and break and part ways  
And I wonder if I can let her down Somewhere between psychotic and iconic  
Somewhere between I want it and I got it  
Somewhere between I'm sober and I'm lifted  
Somewhere between a mistress and commitment  
But I stay down  
Girl I always stay down  
Get down never lay down  
Promise her break everybody off  
Before I break down  
Everyone just wait now  
So much on my plate now  
People I believed in  
They don't even show their face now  
What they got to say now  
Nothing they can say now  
Nothing really changed  
But still they look at me away now  
What more can I say now  
What more can I say now  
You might feel like nothing was the same And I still been drinking on the low  
Mobbing on the low  
Fucking on the low  
Smoking on the low  
I still been plotting on the low  
Scheming on the low  
Furthest thing from perfect  
Like everyone I know And I hate that you don't think  
I belong to you  
Just too busy running this to run home to you  
You know they pay for my passion  
Bittersweet celebrations  
I know I can't change what happened  
I can't help it, I can't help it  
I was young and I was selfish  
I made every woman feel like  
She were mine and no one else's  
Now you hate me, stop pretending  
Stop fronting, I can't take it  
Girl don't treat me like a stranger  
Girl you know I've seen you naked

Girl you know that I remember  
Don't be a pretender  
Getting high at the condo  
That's when it all comes together  
You know I stay reminiscing  
The makeup sex is tradition  
But you've been missing girl  
Might feel like nothing was the same  
And I've been drinking on the low  
Mobbing on the low  
Fucking on the low  
Smoking on the low  
And I still been plotting on the low  
Scheming on the low  
Furthest thing from perfect  
And I wonder if I can let her down  
It's for real, it's for real  
It's for real, it's for real
