

# All I Wanna Do Is Play Cards

Corb Lund

Well, I guess I really oughta be makin up songs but all I wanna do is play cards.  
I know it's dumb and sick and wrong but all I wanna do is play cards.  
Got the studio booked in tennessee  
and my record producer's callin me  
The tape will roll in just three weeks and all I wanna do is play cards.They wanna book the  
band for a rodeo dance and all I wanna do is play cards.  
The contract claims they got five grand but all I wanna do is play cards.  
My agent says we oughta take the show  
but tell you the truth I don't wanna go  
cuz there's this real good game of split hi-lo and all I wanna do is play cards.crib and guts and  
stook and gin and stud and cowboy pitch  
blackjack, eight or better, hold em and draw, chase the bitch  
acey deucey, never loosey, hearts and black mariah  
smear and low chicago, man, the stakes keep gettin higherI could skate for free in the hockey  
league but all I wanna do is play cards.  
Tattooed young dark haired girls call me and all I wanna do is play cards.There's famous  
people'd like to write with me  
And the beer at the black dog's usually free  
The whole damn world's an oyster to me and all I wanna do is play cards.We're on the radio in  
el paso and all I wanna do is play cards.  
Finally got a little bit of press in t.o. and all I wanna do is play cards.  
They're buying the records out in amsterdam  
There's rock tours booked in far off lands  
but i'm feelin kinda gambley and all I wanna do is play cards.Crib and guts and stook and gin  
and stud and racehorse pitch  
Blackjack, eight or better, hold em and draw, chase the bitch  
Acey deucey, never loosey, hearts and black mariah  
Smear and low chicago, man, the stakes keep gettin higherI don't see much of my friends these  
days cuz all I wanna do is play cards.  
Except whitey and gravy, they like a game and all I wanna do is play cards.  
My neighbor Brent says I got a problem  
But he don't know cuz nobody taught him  
To bet the best when you know you got 'em and all I wanna do is play cards.  
Crib and guts and stook and gin and stud and cowboy pitch  
Blackjack, eight or better, hold em and draw, chase the bitch  
Acey deucey, never loosey, hearts and black mariah  
Smear and low chicago, man, the stakes keep gettin higherContract bridge and spades and  
whist and kings and little ones  
Canasta, hearts and spite and malice, kings make little ones  
Whores and fours and one-eyed bores, house rules that ain't acknowledged  
And them games you learned at vet school And at agricultural collegeChinese rummy, greek  
manila, omaha, dutch chase

Start em when they're young with fish and war and crazy eights  
Twenty one and thirty one and seven twenty seven  
Well if i don't play for money, hon, will i still get to heaven  
Three card brag and three card monte, razz and deuce to seven  
Melding sets and red dog bets and counting cards with Kevin  
Between the sheets and screw your neighbor, let it ride, strip poker
