

The Craziest Thing

Darius Rucker

Way back when she did a hundred and ten
In her dad's old Chevrolet
And she once climbed, way up high
To paint her name on a water tank She's got that little red rose
On her big toe, tattooed in Myrtle Beach
Went to Mardi Gras with the mother-in-law
Got a suitcase full of beads She's walked on fire
And jumped out of planes for fun
But loving me is the craziest thing
That she's ever done She's living on faith
I'm chasing my dreams
I fly and fall
Till I unravel at the seams
She never played it safe
Never walked when she could run
But loving me is the craziest thing
That she's ever done Left the bright lights drove down 95
To a sleepy southern town
Gave up a sweet gig to have a couple kids
Chasing her around All her friends roll their eyes and grin
When she says that I'm the one
They say loving me is the craziest thing
That she's ever done She's living on faith
I'm chasing my dreams
I, I fly and fall
Till I unravel at the seams
She never played it safe
And never walked when she could run
But loving me is the craziest thing
That she's ever done She likes walking on a tightrope
Dancing on a ledge
But she knows I'll catch her
If she falls off the edge She's living on faith
I'm chasing my dreams
I fly and I fall
Till I unravel at the seams She never played it safe
Never walked when she can run
But loving me is the craziest thing
That she's ever done Yeah, loving me is the wildest thing
That she's ever done
