## Ready When You Are

## **Trapt**

Are you having trouble keeping up
Seeing this thing through?
I want to know who you're running from
Me or you?You're too confused to open up
Feel the way I do

I want to know who you're thinking of ? Cause I really have no clueAnother game of charades

Don't you know everybody plays?

I don't want to lose to you that way

Maybe we'll be different this time around

Maybe we'll be different I don't know

Don't want to strangle this so I'm holding back for now

Calm down, don't take it too far

I know only time can heal scars

So I'm ready when you are, when you are

I'm ready when you areDon't want any false starts

I can do without the time apart

So I'm ready when you are, when you are

I'm ready when you areAre you having trouble keeping up?

You know that I will wait

I wonder if it's good enough

To make you stayYou're too confused to open up

You don't know what to say

Well, you can tell me if you think it's love

I won't be far away

Another game of charades

Don't you know everybody plays?

I don't want to lose to you that way

Maybe we'll be different this time around

Maybe we'll be different I don't know

Don't want to strangle this so I'm holding back for nowCalm down, don't take it too far

I know only time can heal scars

So I'm ready when you are, when you are

I'm ready when you are Tied down, don't want any false starts

I can do without the time apart

So I'm ready when you are, when you are

I'm ready when you areI want to know

If you're thinking of me

I'll be counting the hours

Even though I know I'm freeToo soon to take a chance

No more questions left to ask

I could be anything, but the one thing

I'm not sure you want to beCalm down, don't take it too far I know only time can heal scars So I'm ready when you are, when you are I'm ready when you areDon't want any false starts I can do without the time apart So I'm ready when you are, when you are I'm ready when you areCalm down, don't take it too far I know only time can heal scars So I'm ready when you are, when you are I'm ready when you areCalm down, don't want any false starts I can do without the time apart So I'm ready when you are, when you are I'm ready when you areCalm down I'm ready when you are Calm down I'm ready when you areCalm down I'm ready when you are Calm down I'm ready when you are Song Discussions is protected by U.S. Patent 9401941.
